

Ayer's Sarsaparilla is a tonic and alterative, free from alcohol. What is a "tonic"? A medicine that imparts strength or tone; a medicine that builds up, gives vigor and power. What is an "alterative"? A medicine that alters or changes unhealthy action to healthy action. Ayer's Sarsaparilla does all this without stimulation. Ask your doc-tor if a family medicine, like Ayer's Sarsaparilla, is not vastly better without alcohol than

### ARMY OFFICERS TO GO SHY ON PAY

(Continued from Page Onc.) be hard hit, but their subsistence will come along as usual.

"I have no idea that this situation will be of long duration." said Adjutant-General Campbell yesterday. "In my opinion some way will be found before the present month runs out to provide the funds necessary to pay off officers and men. It will be something of a hardship if the pay is not forthcoming, but I believe the government will not permit the army to be put in the position of not being paid off." Captain Cooke states that he has suf-

ficient funds to meet the specific requirements named in the dispatch from division headquarters.

"The officer who has a bank account," said an officer yesterday, "reserves enough to keep him going from mouth to the serves are served. menth to menth and puts the rest away with his account to let it draw interest."

Once before-in 1877-the army was without pay. The appropriation bill was held for a few months. During that time the banking house of Drexel Morgan assumed the obligations of the government and maintained the army which numbered about 26,000 men.

Judging from the action of the commission in several instances there is going to be something doing in the line of special privileges which include selling liquor after hours and Sundays.
